Froggy for President! Jonathan London

2020-05-12 Froggy is running for class president--and his opponent is Frogilina! Froggy is running for president---class president, that is--but so is Frogilina! Wearing a long, presidential-style tie, Froggy presents his platform, which includes ten snack times per school day and recess all day long. But Frogilina has a platform, too: a search party for lost things, a lunch-sharing program, and a talent show to benefit the school library. Which candidate will voters choose?

Rammer Jammer Yellow Hammer Warren St. John 2005-05-31 What is it about sports that turns otherwise sane people into raving lunatics? Why does winning compel people to tear down

goal posts, and losing, to drown themselves in bad keg beer? In short, why do fans care? In search of answers, Warren St. John seeks out the roving community of RVers who follow the Alabama Crimson Tide from game to game. A movable feast of Weber grills and Igloo coolers, these are hard-core football fans who arrive on Wednesday for Saturday's game: The Reeses, who skipped their own daughter's wedding because it coincided with a Bama game; Ray Pradat, the Episcopal minister who watches the games on a television beside his altar while performing weddings; and John Ed, the wheeling and dealing ticket scalper whose access to good seats gives him power on par with the governor. In no time at all, St. John buys an RV (a \$5,500 beater named The Hawg) and joins the caravan for a full football season, chronicling the world of the extreme fan and learning that in the shadow of the stadium, it can all begin to seem strangely normal. Rammer Jammer Yellow Hammer is not only a hilarious travel story, but a cultural anthropology of fans that goes a long way toward demystifying the universal urge to take sides and to win.

Rediscovering Americanism Mark R. Levin 2017-06-27 From #1 New York Times bestselling author and radio host Mark R. Levin comes a searing plea for a return to America's most sacred values. In *Rediscovering Americanism*, Mark R. Levin revisits the founders' warnings about the perils of overreach by the federal government and concludes that the men who created our country would be

outraged and disappointed to see where we've ended up. Levin returns to the impassioned question he's explored in each of his bestselling books: How do we save our exceptional country? Because our values are in such a precarious state, he argues that a restoration to the essential truths on which our country was founded has never been more urgent.

Understanding these principles, in Levin's words, can "serve as the antidote to tyrannical regimes and governments." *Rediscovering Americanism* is not an exercise in nostalgia, but an appeal to his fellow citizens to reverse course. This essential book brings Levin's celebrated, sophisticated analysis to the troubling question of America's future, and reminds us what we must restore for the sake of our children and our children's children.
