ACCA Paper P2 - Corporate Reporting (GBR) Practice and Revision Kit BPP Learning Media 2010-01-01 The Association of Chartered Certified Accountants (ACCA) is the global body for professional accountants. With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. BPP Learning Media is

an ACCA Official Publisher. P2 is a very challenging paper which builds on the knowledge and skills acquired at earlier levels in the preparation and analysis of financial reports for single entities and groups. It takes these areas to a higher level, putting into context the role of the accountant as a professional steward and adviser, who is responsible to the stakeholders of an organisation. It has five main sections: 1. Regulatory and ethical framework and current issues 2. Reporting the financial performance of entities 3. Group financial statements 4. Specialised entities 5. Analysis of the financial performance of entities The main new topics introduced at this level relate to group accounts, but other topics are tested with a different emphasis and in more depth than at the Fundamentals Level. We provide material for both International and UK streams. Question practice is essential for all papers,

but for P2, there is a strong 'fear factor'. Questions look intimidating, and it is only once you get into the detail that you realise that there are easy marks and more complicated parts that are not essential to get a pass. Our practice and revision kit follows the order of the text and there are a large number of questions on all syllabus topics. Our kit gives ample opportunity to practice the long, 50 mark case studies, which will be the compulsory Section A question in the exam. Three mock exams, including the December 2007 exam, also reflect this format. As a gentle introduction to many of the topics, there are preparation questions giving instructions in basic techniques. Most questions have marking schemes, so that you can see that the examiner awards marks for these techniques. BPP Learning Media is the publisher of choice for many ACCA students and tuition

The Conceptual Framework in the United Kingdom and the Introduction of the Statement of Principles

Carolin Becker 2005-04-13 Presentation (Handout) from the year 2005 in the subject Business economics - Accounting and Taxes, grade: 1,3, Glyndŵr University, Wrexham known as NEWI (Nort East Wales Institute of higher Education), course: Advanced Financial Accounting, language: English, abstract: "A conceptual framework is a

statement of principles providing generally accepted guidance for the development of new reporting practices and for challenging and evaluating the existing practices. " (Weetman, 2003a) An accounting conceptual framework can be defined as: "a coherent system of inter-related objectives and fundamentals that should lead to consistent standards that prescribe the nature, function and limits of financial accounting and financial statements." (Lynch, 1998) The International Accounting Standards Committee (now Board) published its conceptual framework in 1989. It is intended to guide both international and national standard setters when setting standards, and to assist prepares and auditors when interpreting standards or dealing with issues that the standards do not cover.

statements which conform with IFRS 4. Preparation of consolidated financial statements 5. Analysis and interpretation of financial statements F7 builds on knowledge from F3, or old paper 1.1. New topics introduced at this level are consolidated financial statements, construction contracts, financial instruments and leases. International is now the ACCA main stream. We also provide materials for the F7 UK variant. This study text has been reviewed by the examiner and concentrates on the key areas of the syllabus, taking into account the examiner's guidance on how topics will be examined. The text has a step-by-step approach to producing consolidated financial statements and lots of exercises which allow you to practise the workings. We guide you through the more problematic topics which can be brought into the preparation of single company financial

statements, and encourage you to develop the critical awareness of problems in financial reporting which the examiner expects to see demonstrated at this level.
