Rn Nursing Care of Children Ati 2010-01-01 This review module is a component of the Comprehensive Assessment and Review Program and is designed to be used in conjunction with content area exams. It includes key points and critical thinking exercises (with answer keys) for nursing management for a variety of conditions. AACN Core Curriculum for Pediatric High Acuity, Progressive, and Critical Care Nursing, Third Edition AACN 2018-07-28 AACN Core Curriculum for Pediatric High Acuity, Progressive, and Critical Care, Third Edition, provides content required to deliver the best care for critically ill or injured children. As acuity increases in all inpatient departments and the practice of pediatric critical care expands beyond the acute phase of illness or injury, knowledge of pediatric critical care is more essential than ever. Pediatric acute and critical care nurses find themselves handling not only their patients, but care of their families and management of an interprofessional team of caregivers. With emphasis on evidence-based care and professionalism, this essential resource captures the professional role of the pediatric critical care nurse and the nurse's contributions to the process of continuous quality improvement. Ideal for pediatric critical care and acute care nurses, high acuity/critical care courses, and continuing education, AACN Core Curriculum for Pediatric High Acuity, Progressive, and Critical Care, Third Edition, contains core AACN guidelines for the highest quality nursing

practice. The text covers anatomic, physiologic, cognitive, and psychosocial changes that occur throughout the pediatric lifespan. Chapters are systems focused and review developmental anatomy and physiology, clinical assessment, pharmacology, diagnostic tests, and therapeutic procedures. For each type of disease and injury, information is provided on pathophysiology, etiology, risk factors, signs and symptoms, nursing and collaborative interprofessional management, and complications. New to the Third Edition: Updated to include current patient management and the latest pediatric drug information Contains a completely new chapter on professional nursing issues, including quality, safety, communications, teamwork, work environment, and personal wellness Provides revised case studies and review questions/answers reflecting the latest version of the CCRN® Pediatric exam Key Features: Delivers comprehensive, current information for nursing students and those preparing for the CCRN® Pediatric exam Content is based on the most current standards of care, scope of practice, national guidelines, key AACN initiatives, and the AACN Certification Corporation Pediatric CCRN® Test Plan Presented in easy-to-read outline format for quick access to information Written and endorsed by AACN and AACN-affiliated subject matter experts Provides case studies to illustrate patient scenarios Discusses the application of AACN's Synergy Model for Patient Care in pediatric high acuity

and critical care nursing practice Includes in-depth coverage of multisystem problems such as multiple trauma, toxicology, septic shock, and burns

Principles of Pediatric Nursing Jane W. Ball

2014-03-27 Written for today's nurse, PRINCIPLES OF PEDIATRIC NURSING: CARING FOR CHILDREN, 5/e explores the conditions and nursing interventions for health conditions affecting children, adolescents and their families.

Emphasizing research and evidence-based practice, it organizes material by body system instead of developmental stage, allowing faculty to teach pediatrics in integrated courses/short courses without redundancy. This edition includes a new chapter on genetic and genomic influences, more emphasis on culturally competent care, and new features that emphasize clinical reasoning and health promotion. Designed to help students bridge the gap between classroom and clinical situations, the book emphasizes health promotion and maintenance, growth and development, and family-centered care. 0133937410 / 9780133937411

Pediatric Nursing Gannon Tagher 2019-08-29

Immerse Yourself in the Role of a Pediatric Nurse Develop the clinical judgment and critical

thinking skills needed to excel in pediatric nursing with this innovative, case-based text.

Pediatric Nursing: A Case-Based Approach brings the realities of practice to life and helps you master essential information on growth and development, body systems, and pharmacologic therapy as you apply your understanding to fictional scenarios based on real clinical cases throughout the pediatric nursing experience.

Accompanying units leverage these patient stories to enrich your understanding of key concepts and reinforce their clinical relevance, giving you unparalleled preparation for the challenges you'll face in your nursing career.

Powerfully written case-based patient scenarios instill a clinically relevant understanding of essential concepts to prepare you for clinicals.

Nurse's Point of View sections in Unit 1 help you recognize the nursing considerations and challenges related to patient-based scenarios.

Unfolding Patient Stories, written by the National League for Nursing, foster meaningful reflection on commonly encountered clinical scenarios.

Let's Compare boxes outline the differences between adult and pediatric anatomy and physiology. Growth and Development Check

features alert you to age and developmental stage considerations for nursing care. The

Pharmacy sections organize medications by problem for convenient reference. Whose Job is it

Anyway? features reinforce the individual responsibilities of different members of the healthcare team. Analyze the Evidence boxes

compare conflicting research findings to strengthen your clinical judgment capabilities.

How Much Does It Hurt? boxes clarify the principles of pediatric pain relevant to specific

problems. Hospital Help sections alert you to specific considerations for the hospitalization of

pediatric patients. Priority Care Concepts help you confidently assess patients and prioritize

care appropriately. Patient Teaching boxes guide you through effective patient and parent

education approaches. Patient Safety alerts help

you quickly recognize and address potential safety concerns. Interactive learning resources, including Practice & Learn Case Studies and Watch & Learn Videos, reinforce skills and challenge you to apply what you have learned. Learning Objectives and bolded Key Terms help you maximize your study time. Think Critically questions instill the clinical reasoning and analytical skills essential to safe patient-centered practice. Suggested Readings point you to further research for more information and clinical guidance.

HESI Comprehensive Review for the NCLEX-PN® Examination - E-Book HESI 2019-12-31 A comprehensive, all-in-one review of the information you need to know to pass your nursing exams! Updated with the latest test plan and written in an easy-to-read outline format, HESI Comprehensive Review for the NCLEX-PN® Examination, 6th Edition prepares you for success on both the HESI exit exam and the NCLEX-PN®. This trusted guide breaks down chapters by clinical areas and the concepts emphasized on the NCLEX-PN® exam, so you can easily search for various topics to review. Rationales are provided for any incorrect answers or areas of weakness to help strengthen your understanding. The companion Evolve website also offers 750 practice questions, including alternate item formats, in both study and exam modes to give you valuable practice using the same electronic testing format you will face on the nursing school exit exam and on the NCLEX-PN® exam. HESI Hint boxes spotlight important clinical information and concepts commonly tested on the NCLEX-PN® exam. 750 NCLEX practice questions on the companion Evolve website include alternate item formats to provide a testing experience similar to the HESI exit exam and the NCLEX-PN® exam. Pharmacology tables highlight the need-to-know drug therapy content emphasized on the NCLEX-PN® exam. Critical thinking study questions with rationales reinforce key concepts and content. Chapters organized by clinical area enable you to easily search for various topics to review. Consistent format and chapter organization make it easy to move between topics when reviewing. NEW! Thoroughly updated content incorporates clinical updates and reflects the latest NCLEX-PN® test plan. EXPANDED! 200 additional NCLEX practice

questions on the Evolve site assist you with practice.

ATI NurseNotes Nursing Q & A Sally Lagerquist 2006-01-01 Focusing on the content areas: medical, surgical, obstetric, pediatric and psychiatric care, ATI's Nursing Q&A: Critical-Thinking Exercises is designed to effectively provide the essential content you need in order to master all exams throughout nursing school, as well as achievement tests, and re-entry and challenge exams. Additional Features: * 75 cases representing situations that are encountered in all areas of nursing.* Exam preparation guide offering: tips and strategies for optimum performance, how to study effectively, how to prepare yourself emotionally, how to cope with exam anxiety, and how to take tests. * Reference codes are provided for all questions in this book. The codes represent four areas?nursing process, client needs and sub needs, cognitive level and human function. * Our questions-answers are designed to emphasize how to apply nursing process and transfer your knowledge of essential concepts and principles to a test question. * The questions included are field-tested to include relevant trends, latest knowledge and current practice, and are directly geared to the main clinical nursing content and behaviors currently covered on the NCLEX-RN?. * Complete answers with detailed rationale are included to help you understand the reason behind the best choice and to explain why the other choices can be eliminated. **As an added bonus, Nursing Q & A also includes a disc featuring over 340 NCLEX-RN? style review questions.

Pediatrics: PreTest Self-Assessment and Review Robert Yetman 2003-08-22 Prepare Early...Score Higher Completely revised and small enough to fit in a lab coat pocket, this review of Pediatrics features 500 questions with answers and explanations, including 200 new questions in clinical vignette format. All questions are reviewed by recent USMLE Step 2 test-takers. **NCLEX-PN Prep Plus 2018** Kaplan Nursing 2018-02-06 The NCLEX-PN exam is not just about what you know—it's about how you think. Kaplan's NCLEX-PN Prep Plus 2018 uses expert critical thinking strategies and targeted sample questions to help you put your expertise into practice and ace the exam! The NCLEX-PN exam tests how you'll apply the medical knowledge

you've gained in real-life situations. In NCLEX-PN Prep Plus 2018, Kaplan's all-star nursing faculty teaches you 9 critical thinking pathways to help you break down what exam questions are asking. Six chapters end with practice sets to help you put these critical thinking principles into action. Get everything in the NCLEX-PN Prep 2018 package, plus one more practice test online, additional practice questions, 60 minutes of video tutorials, and a digital copy of the book. With NCLEX-PN Prep Plus 2018 you can study on-the-go. Log in from anywhere to watch video tutorials, review strategies, and take your online practice test. Proven Strategies. Realistic Practice. * 9 critical thinking pathways to break down what exam questions are asking * 6 end-of-chapter practice sets to help you put critical thinking principles into action * 2 full-length practice tests to gauge your progress—one in the book, one online * Detailed rationales for all answer choices, correct and incorrect * Techniques for mastering the computer adaptive test format Expert Guidance * In-depth content review, organized along the exam's "Client Needs" framework * 60 minutes of video tutorials on the ins and outs of the NCLEX-PN * Kaplan's Learning Engineers and expert psychometricians ensure our practice questions and study materials are true to the test. * We invented test prep—Kaplan (www.kaptest.com) has been helping students for almost 80 years. Our proven strategies have helped legions of students achieve their dreams.

An access code inside new, printed textbooks unlocks an ebook, as well as access to Davis Advantage. Or choose the all-digital Instant Access option, which includes the ebook and immediate access to Davis Advantage.
RN Nursing Care of Children Edition 11. 0

Assessment Technologies Institute 2019-08
Maternity Nursing - Revised Reprint Deitra Leonard Lowdermilk, RNC, PhD, FAAN 2013-11-25
Designed to meet the needs of today's students, Lowdermilk's Maternity Nursing, 8th Edition - Revised Reprint addresses the fundamentals of maternity nursing with a concise, focused presentation of the care of women during the childbearing years. Integrating considerations for family, culture, and health promotion into the continuum of care, it also addresses community-based care to emphasize that nursing care takes place in many settings. Maternity Nursing focuses on childbearing issues and concerns, including care of the newborn, as well as wellness promotion and management of common women's health problems. Critical thinking exercises present case studies of real-life situations and corresponding critical thinking questions to help you develop your analytical skills. NEW! A helpful appendix identifies text content that reflects the QSEN competencies - patient-centered care, teamwork and collaboration, evidence-based practice, quality improvement, safety, and informatics - to assist you in developing competencies to provide safe and effective nursing care. NEW! Focus on the family recognizes the nurse's need to integrate the family in the care of the mother and newborn and the importance of the role of the mother to the wellbeing of the family. NEW! Content updates throughout, including information on the late preterm infant and associated concerns such as feeding; guidelines on prioritization and delegation where relevant; and centering pregnancy, a new model of health care that brings women together in groups for their care. NEW! Evidence-based practice content focuses your attention on how to use current research to improve patient outcomes. NEW! Improved readability helps you learn more efficiently with shorter, more focused content discussions. NEW! 21st Century Maternity Nursing: Culturally Competent, Community Focused chapter combines introductory material, culture, and community into one chapter to help you focus on key content and concepts. NEW! Streamlined content highlights the most essential, need-to-know information.
Nursing Care of Children Jeanne Wissman 2007 This review module is a component of the

Comprehensive Assessment and Review Program and is designed to be used in conjunction with content area exams. It includes key points and critical thinking exercises (with answer keys) for nursing management for a variety of conditions.

Throw away your real estate course test books and class notes, this is all you need to pass!

ATI NurseNotes Pediatrics Kathleen E. Snider 2005-01-01 NurseNotes Pediatrics is intended for

use by two primary audiences. First, it is intended for busy nursing students who currently are taking a course in pediatric nursing and need to cover the most important information in the shortest time. It will help students focus on the most relevant material for study. Second, it is intended for graduate nurses who are preparing to take their NCLEX-RN® exam. Features that make this book stand out from all other Pediatric Nursing Review Books

1. Time-savers: Numerous charts (39), illustrations (18) and pharmacology tables outline a great deal of information in a few pages.
2. Visual: Unique use of icons throughout the content review sections helps important content to stand out.
3. The most up-to-date, comprehensive coverage of a variety of topics, for beginning and advanced nurses already in practice.
4. Self-assessment: Questions and answers at the end of each chapter include fact-packed rationales for each option.
5. FREE DISK containing hundreds of additional practice questions.
6. Each chapter contains: summary of key points, key words, and study and memory aids.
7. Extensive appendices to quickly locate and pull out for study and review separate key topics.

Unlike a tutoring session, however, our books enable you to prepare for your exam on your own schedule at a fraction of the cost. and Get Accepted! We offer a comprehensive set of guides guaranteed to raise your score for exams from every step of your education; from high school, to college or the military, to graduate school. Let our study guides guide you along the path to the professional career of your dreams!

Maternal and Newborn Success Margot De Sevo 2016-10-19 Assure your mastery of

maternal and newborn nursing knowledge while honing your critical-thinking and test-taking skills. An easy-to-follow format parallels the content of your course, topic by topic, resulting in maternal and newborn content made manageable. The 3rd Edition of this popular resource features multiple-choice and alternate-format questions that reflect the latest advances in maternal-newborn nursing and the latest NCLEX-RN® test plan. Rationales for both correct and incorrect answers as well as test-taking tips help you critically analyze the question types. You'll also find a wealth of alternate-format questions, including fill in the blank and select all that apply (SATA).

Pediatric CCRN Certification Review Ann J. Brorsen 2011-05-16 Pediatric CCRN Certification Review is an essential guide for critical care nurses preparing for the Pediatric CCRN exam. Containing more than 1,200 practice questions with rationales representative of those found on the Pediatric CCRN exam, it offers a succinct, yet comprehensive review of the core material. Organized to provide essential test taking strategies and techniques for passing the exam, Pediatric CCRN Certification Review explores the Synergy Model, cardiovascular and pulmonary systems, neurology, renal, gastrointestinal, hematology, immunology, endocrine, multisystem, and behavioral issues. Included with the book is an online access code for JB TestPrep, our online interactive testing program, to help you pass the exam. Don't forget to visit our new nursing certification website:

www.NursingCertificationSuccess.com

Saunders Comprehensive Review for NCLEX-PN Linda Anne Silvestri 2000 This innovative book prepares students for the NCLEX-PN exam with thorough content review and 3,000 practice questions. Silvestri provides readers with information on NCLEX-PN preparation, test-taking strategies and the NCLEX-PN from students' perspectives. A free CD-ROM contains all 1,600 questions from the book plus 1,400 additional questions.

Prioritization, Delegation, and Assignment Linda A. LaCharity 2010 Prioritization, Delegation, and Assignment: Practice Exercises for the NCLEX® Examination is the only review book on the market with a focus on prioritization and management of care—just like the current NCLEX

Examination itself! The workbook's unique approach establishes your foundational knowledge and then provides exercises of increasing difficulty to help you build confidence in your prioritization, delegation, and patient assignment skills. It offers unique preparation for the NCLEX Examination and effectively equips you to practice in today's fast-paced healthcare environment. The only workbook available that provides in-depth practice with prioritization, delegation, and assignment questions similar to those you'll see on the NCLEX Examination, including questions in alternate item formats Unique three-part organization that (1) equips you with foundational skills to make sound decisions, then helps you apply those skills (2) in straightforward scenarios and (3) then in complex health scenarios In-depth Answer Key at the back of the book that provides not only the correct answer but also a detailed rationale and an indication of the focus of the question, whether prioritization, delegation, supervision, or patient assignment. Expanded content focus to include psychiatric/mental health, OB/maternity, and pediatrics along with med-surg areas New chapters on infection control and obstetrics and maternity Greater emphasis on questions involving core body systems and related health problems, such as diabetes and cancer, to best prepare you for the conditions you are most likely to encounter on the NCLEX Examination and in clinical practice Four new unfolding cases addressing long-term care, pediatrics, psychiatric/mental health nursing, and OB/maternity Additional emphasis on medication safety equips you to take appropriate actions to prevent or remediate medication errors Multiple-select questions revised to include at least 5 response choices each, keeping you up to date with the full range of NCLEX Examination item formats

Medical-surgical Nursing Mary Ann Hogan (MSN.) 2004 Essential for course review and NCLEX review, this resource is a complete, concentrated outline of medical-surgical nursing. Each chapter contains objectives, pre- and post-tests with rationales, vocabulary review, practice to pass exercises, critical thinking case studies, as well as NCLEX alerts. Unique to Prentice Hall's Nursing Reviews & Rationales Series, a comprehensive CD-ROM and Companion Website, available free

of charge, provide additional review. Content includes all of the "need-to-know" information covering nursing care for respiratory, cardiac, neurological, renal, gastrointestinal, musculoskeletal, and other health problems, emergency and critical care, and much more. *Child Health Nursing* Jane W. Ball 2018-04-23 For courses in Pediatric Nursing. A comprehensive survey of family-centered pediatric nursing care *Child Health Nursing: Partnering with Children & Families* promotes excellence in nursing care for infants, children, and adolescents--in hospitals and in the community. It focuses on the importance of partnering with families to adapt care plans for children based on their age, health status, and social and cultural influences. The text considers the impact of contemporary care environments on nursing practice, both in health promotion and in the care of children with acute or chronic health conditions. By offering industry best practices and practical applications, the book encourages students to apply evidence-based findings and clinical reasoning to planning superior care. The updated 3rd edition explains how modern nursing practice is affected by reforms to healthcare and its delivery--such as electronic health records, new approaches to chronic and acute condition management, and a focus on prevention. To support safe, effective, and innovative care, this edition draws on the latest recommendations of NANDA International diagnoses, Nursing Intervention Classifications (NIC), Nursing Outcomes Classifications (NOC), and Healthy People 2020. Also available with MyLab Nursing MyLab(tm) Nursing is an online self-study and class preparation program designed to engage students and improve results. Maternal Child Nursing Care - E-Book Shannon E. Perry 2017-09-09 Get the accurate, practical information you need to succeed in the classroom, the clinical setting, and on the NCLEX-RN® examination. Written by the foremost experts in maternity and pediatric nursing, the user-friendly Maternal Child Nursing Care, 6th Edition provides both instructors and students with just the right amount of maternity and pediatric content. This new edition includes updated case studies within Nursing Care Plans, as well as a new chapter on pediatric cancer. Focus on the family throughout emphasizes the influence of the entire family in health and illness. Focus on the family throughout emphasizes the influence of the entire family in health and illness. Expert authors of the market-leading maternity and pediatric nursing textbooks combine to ensure delivery of the most accurate, up-to-date content. Critical thinking case studies offer you opportunities to test and develop your analytical skills and apply knowledge in various settings. Nursing Care Plans include rationales for interventions and provide you with an overview and specific guidelines for delivering effective nursing care. Nursing Alerts highlight critical information that you need to know when treating patients. Guidelines boxes outline nursing procedures in an easy-to-follow format. Emergency boxes in the maternity unit guide you through step-by-step emergency procedures. Home Care boxes detail important information that you need to deliver care to patients and families in the home setting. Atraumatic Care boxes in the pediatric unit teach you how to provide competent and effective care to pediatric patients with the least amount of physical or psychological stress. Community Focus boxes emphasize community issues, provide resources and guidance, and illustrate nursing care in a variety of settings. Patient Teaching boxes in the maternity unit highlight important information nurses need to communicate to patients and families. Cultural Competence boxes equip you with the knowledge

you need to deliver culturally competent care.) Family-Centered Care boxes draw attention to the needs or concerns of families that you should consider to provide family-centered care. Medication Guides serve as an important reference of drugs and their interactions.

NurseThink Notes Tim Bristol 2013-08-01 Take notes for critical thinking and clinical reasoning in every course, class, and clinical. Focus on prioritization in every subject to include fundamentals, medical surgical, mental health, pediatrics, and even community health. Nursing students will be able to focus on the nursing process every step of the way while ensuring that they are very comfortable with QSEN (quality and safety) and NCLEX competencies and standards. www.nursethink.com

Fundamentals of Nursing Review Module

6.1 Ati 2008 The overall goal of this Assessment Technologies Institute, LLC (ATI) Content Mastery Series module is to provide nursing students with an additional resource for the focused review of "Fundamentals for nursing" content relevant to NCLEX preparation and entry level nursing practice.

Nursing Pharmacology Paulette D. Rollant 2000-10 Accompanying CD-ROM contains a 265-question examination with rationales and test-taking tips for additional review.

Family Nurse Practitioner Certification

Intensive Review Maria T. Codina Leik 2013-08-12 Print+CourseSmart

Introduction to Maternity and Pediatric Nursing Gloria Leifer 2010-10-18 This is a Pageburst digital textbook; Part of the popular LPN Threads series, Introduction to Maternity & Pediatric Nursing provides a solid foundation in obstetrics and pediatric nursing. An easy-to-follow organization by developmental stages, discussion of disorders by body system from simple-to-complex and health-to-illness, and a focus on family health make it a complete guide to caring for maternity and pediatric patients. Written in a clear, concise style by Gloria Leifer, MA, RN, this edition reflects the current NCLEX® test plan with additional material on safety, health promotion, nutrition, and related psychosocial care. Cultural Considerations boxes and a Cultural Assessment Data Collection Tool help in developing individualized plans of care. Updated health promotion content includes Health

Promotion boxes focusing on preventive strategies for achieving prenatal wellness, health during pregnancy, postnatal health, and pediatric illness prevention and wellness -- including the complete immunization schedules for all ages. Nursing Tips provide information applying to the clinical setting. Objectives are listed in each chapter opener. Key terms include phonetic pronunciations and text page references at the beginning of each chapter. Nursing Care Plans with critical thinking questions help you understand how a care plan is developed, how to evaluate care of a patient, and how to apply critical thinking skills. A companion Evolve website includes animations, videos, answers to review questions and answer guidelines for critical thinking questions, an English/Spanish audio glossary, critical thinking case studies, and additional review questions for the NCLEX examination. Get Ready for the NCLEX® Examination! sections at the end of each chapter help you prepare for classroom tests and the NCLEX examination. Increased focus on safety helps you prepare for safe nursing practice, with: Safety Alert! boxes based on The Joint Commission's 2009/2010 National Patient Safety Goals Medication Safety Alert! boxes highlighting serious and potentially fatal medication errors in infants and children New information on determining pediatric dosages and a discussion of the Pedislide system New skills include step-by-step instructions for: Bathing the Newborn Assessing the Length and Height of Infants and Children Calculating BMI Removal of a Peripheral Intravenous Catheter Using the Peak Flowmeter Using a Metered-Dose Inhaler Updated, vibrant full-color design highlights key information and enhances your understanding of important concepts. Updated nutrition content compares commercially available infant formulas and discusses organic, natural, and dietetic foods. Nutrition Considerations boxes cover prenatal care, nutritional issues during infancy, and the crisis in childhood obesity. Memory Jogger boxes help you remember important material with mnemonics, tips, and tricks. An updated glossary is available in the textbook, as well as on the companion Evolve website.

Fundamentals of Nursing Patricia Ann Potter 2008-12-01 Learn fundamental nursing

principles, concepts, and skills with ease! Fundamentals of Nursing, 8th Edition includes accurate, cutting-edge content, active learning strategies, and the latest evidence-based research to help you excel in your classes and prepare for success in today's competitive nursing field. Elsevier's Canadian Comprehensive Review for the NCLEX-RN Examination - E-Book

Linda Anne Silvestri 2021-06-14 Prepare for success on the NCLEX-RN® exam with the review book written for Canadian nursing students! Elsevier's Canadian Comprehensive Review for the NCLEX-RN® Examination, 2nd Edition provides everything you need to prepare for the NCLEX® exam — complete content review and more than 5,000 NCLEX examination-style questions in the book and online. Proving that not all NCLEX exam review books are the same, only this book includes the kinds of questions that consistently test the critical thinking skills needed to pass today's NCLEX exam. In addition, all answers include detailed rationales and test-taking strategies with tips on how to best approach each question. From Canadian editors Patricia Bradley and Karin Page-Cutrara, and NCLEX review experts Linda Anne Silvestri and Angela Silvestri, this edition integrates Canadian approaches to nursing, making this the only comprehensive review text written from a fully Canadian perspective. It's THE book of choice for

NCLEX preparation! More than 5,000 practice questions in the text and online offer ample testing practice. UNIQUE! Detailed test-taking strategy and rationale is included for each question, offering clues for analyzing and uncovering the correct answer option. UNIQUE! Priority Nursing Action boxes provide information about the steps you will take in clinical situations requiring clinical judgement and prioritization. UNIQUE! Pyramid Points icons indicate important information, identifying content that typically appears on the NCLEX-RN® examination. UNIQUE! Pyramid Alerts appear in red text and highlight important nursing concepts. UNIQUE! Priority Concepts — two in each chapter — discuss important content and nursing interventions. New graduate's perspective is offered on how to prepare for the NCLEX-RN, in addition to nonacademic preparation, the CAT format, and test-taking strategies. Mnemonics are included to help you remember important information. 75-question comprehensive exam covers all content areas in the book in the same percentages that they are covered on the actual NCLEX-RN test plan. Practice questions on delegation, prioritization, and triage/disaster management emphasize these areas on the NCLEX exam. Companion Evolve website provides 25 new Next Generation NCLEX® (NGN)-style questions plus all alternate item format questions including multiple response, prioritizing (ordered response), fill-in-the-blank, figure/illustration (hot spot), chart/exhibit, video, and audio questions. Question categories on Evolve are organized by cognitive level, client needs area, integrated process, and content area, allowing completely customizable exams or study sessions. UNIQUE! Audio review summaries on Evolve cover pharmacology, acid-base balance, and fluids and electrolytes.
