Aging in the Past David I. Kertzer 2018-05-04 Thanks to improved food, medicine, and living conditions, the average age of the population is increasing throughout the modern industrialized world. Yet, despite the recent upsurge of scholarly interest in the lives of older people and the blossoming of historical demography, little historical demographic attention has been paid to the lives of the elderly. A landmark volume, *Aging in the Past* marks the emergence of the historical demographic study of aging. Following a masterly explication of the new field by Peter Laslett, leading scholars in family history and historical demography offer new research results and fresh analyses that greatly increase our understanding of aging, historically and across cultures. Focusing primarily on post-Industrial Europe and the United States, they explore a range of issues under the broad

topics of living arrangements, widowhood, and retirement and mortality. This important work provides a much-needed historical perspective on and suggests possible alternative solutions to the problems of the aged. Contributors: George Alter, Rudolf Andorka, Allen C. Goodman, Myron P. Gutmann, Michael R. Haines, E. A. Hammel, Tamara K. Hareven, Nancy Karweit, David I. Kertzer, Peter Laslett, Andrejs Plakans, Roger L. Ransom, Daniel Scott Smith, Richard Sutch, Peter Uhlenberg, Richard Wall, Charles Wetherell This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1995.

Original Compositions LIONEL LOUEKE 2012-12-17 Lionel Loueke's signature is one of limitless rhythmic invention. He has established a unique identity born of the synthesis between West African and Brazilian music within the modern jazz idiom. In his

compositions, these influences fuse together, creating evocative African textures spliced with a guitar sound that channels the phrasing of a kora. When combined with his voice, Loueke's unique sound transports the listener even further. This book contains 21 original compositions and 5 solo transcriptions which give the reader insight into the compositional language of guitarist-vocalist Lionel Loueke

Eastern Inferno Christine Alexander 2010-11-30 “Remarkable personal journals . . . revealing the combat experience of the German-Russian War as seldom seen before . . . a harrowing yet poignant story” (Military Times). Hans Roth was a member of the anti-tank panzerjager battalion, 299th Infantry Division, attached to the Sixth Army, as the invasion of Russia began. As events transpired, he recorded the tension as the Germans deployed on the Soviet frontier in June 1941. Then, a firestorm broke loose as the Wehrmacht tore across the front, forging into the primitive vastness of the East. During the Kiev encirclement, Roth’s unit was under constant attack as the Soviets desperately tried to break through the German ring. At one point, after the enemy had finally been beaten, a friend serving with the SS led him to a site—possibly Babi Yar—where he witnessed civilians being massacred. After suffering through a brutal winter against apparently endless Russian reserves, his division went on the offensive again when the Germans drove toward Stalingrad. In these journals, attacks and counterattacks are described in you-are-there detail. Roth wrote privately, as if to keep himself sane, knowing his honest accounts of the horrors in the East could never pass Wehrmacht censors. When the Soviet counteroffensive of winter 1942 begins, his unit is stationed alongside the Italian 8th Army, and his observations of its collapse, as opposed to the reaction of the German troops sent to stiffen its front, are of special fascination. Roth’s three journals were discovered many years after his disappearance, tucked away in the home of his brother. After his brother’s death, his family discovered them and sent them to Rosel, Roth’s wife. In time, Rosel handed down the journals to Erika, Roth’s only daughter, who had emigrated to America. Roth was likely working on a fourth journal before he

was reported missing in action in July 1944. Although his ultimate fate remains unknown, what he did leave behind, now finally revealed, is an incredible firsthand account of the horrific war the Germans waged in Russia.

The Religious Art of Jacopo Bassano Paolo Berdini 1997 In *The Religious Art of Jacopo Bassano: Painting as Visual Exegesis*, Paolo Berdini offers a new and provocative reevaluation of a selected group of paintings, drawings, and religious objects by one of the inventive artists of the late Italian Renaissance. This study also challenges traditional iconograph analysis, particularly the word-image paradigm celebrated in much art history.

Utilizing both the methods of hermeneutics and phenomenology, *The Religious Art of Jacopo Bassano* introduces a new model for understanding the painter as a reader, and for coming to terms with visual exegesis.

The Art of Visual Exegesis Vernon K. Robbins 2017-04-28 A critical study for those interested in the intersection of art and biblical interpretation With a special focus on biblical texts and images, this book nurtures new developments in biblical studies and art history during the last two or three decades. Analysis and interpretation of specific works of art introduce guidelines for students and teachers who are interested in the relation of verbal presentation to visual production. The essays provide models for research in the humanities that move beyond traditional

disciplinary boundaries erected in previous centuries. In particular, the volume merges recent developments in rhetorical interpretation and cognitive studies with art historical visual exegesis. Readers will master the tools necessary for integrating multiple approaches both to biblical and artistic interpretation. Features Resources for understanding the relation of texts to artistic paintings and images Tools for integrating multiple approaches both to biblical and artistic interpretation Sixty images and fifteen illustrations
