**Affective Architectures** Jacque Micieli-Voutsinas 2020-09-21 How do places manipulate our emotions? How are spaces affectious in their articulation and design? This book provides theoretical frameworks for exploring affective dimensions of architectural sites based on the notion that heritage, as an embodied experience, is embedded in places and spaces. Drawing together an interdisciplinary collection of essays spanning geographically diverse architectural sites — including Ford's Theater, the site of President Lincoln's assassination; the Estadio Nacional of Santiago, Chile, where 12,000 detainees were held following the ouster of President Salvador Allende; and Unit 731, the site of a biological and chemical warfare research unit of the Imperial Japanese army in Harbin, China, amongst others — this edited collection assembles critical dialogue amongst scholars and practitioners engaging in affective and other more-than-representational approaches to cultural memory, heritage, and identity-making. Broken into three main sections: Affective Politics; Embedded Geographies; and Affective Methodologies, this book draws together multidisciplinary perspectives from the arts, social sciences and humanities to understand the role of architecture in generating embodied experiences at places of memory. This book offers interdisciplinary perspectives on fundamental questions of memory, identity and space. It will be of interest to students and scholars in the fields of geography, architecture, cultural studies, and museum and heritage studies.

**Ghost in the Winds (Ghost Exile #9)** Jonathan Moeller 2016-08-23 The Apotheosis has come at last, and it will shatter the world. CAINA is trapped in the ruins of an ancient necromancer's tomb. Unless she escapes the lethal trap, there will be no one to stop Grand Master Callatas from unleashing the Apotheosis. KYLON is desperate to save Caina's life. The deadly Red Huntress is coming for Caina, and only by the sacrifice of his own life can Kylon save Caina from the Huntress's blade. Or the Red Huntress might simply kill them both. CALLATAS is ready to call the Apotheosis and create a new humanity to replace the old. Of course, the old humanity will have to die first...every last man, woman, and child. And he will start with Caina Amalas.

Opening the Scriptures Bringing the Gospel of Matthew to Life George Martin 2014-08-20 "Ask and it will be given to you; seek and you will find; knock and the door will be opened to you." - Matthew 7:7 Asking, seeking, and knocking are three imperatives Jesus gave his disciples, and us, in order to grow fully in our Faith and be true disciples of Jesus. Scripture reading and study is an important part of that path to discipleship, and offers us opportunities... to ask - for clarity to seek - the truths of the Bible to knock - asking Christ to come into our hearts. George Martin, prolific writer on Scripture and author of *Bringing the Gospel of Luke to Life*, and *Bringing the Gospel of Mark to Life* now brings Matthew's Gospel into sharp focus in a verse-by-verse commentary. Martin gives readers the context of the first-century meaning, and what it means to us today. Reflection questions help us to apply the biblical texts to our own lives. This book is perfect for anyone who wants to learn more about the Gospel of Matthew - as well as priests, deacons, catechetical leaders, Bible study leaders, Scripture teachers or seminarians. Let George Martin bring the Gospel of Matthew to Life for you today.

**Holding Back The Tears** Annie Mitchell 2013-09-16 This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you" - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her belief's about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

**Stolen, Smuggled, Sold** Nancy Moses 2015-06-04 *Stolen, Smuggled Sold: On the Hunt for Cultural*

Treasures tells the dark and compelling stories of iconic cultural objects that were stolen, smuggled or sold, and eventually returned back to their original owner. There are many books about museum heists, Holocaust artwork, insider theft, trafficking in antiquities, and stolen Native American objects. Now, there's finally a book for the general public that covers the entire terrain. The book includes full-color photos of the objects. Stolen, Smuggled, Sold features seven vivid and true stories in which the reader joins the author as she uncovers a cultural treasure and follows its often-convoluted trail. Along the way author and reader encounter a cast of fascinating characters from the underbelly of the cultural world: unscrupulous grave robbers, sinister middlemen, ruthless art dealers, venal Nazis, canny lawyers, valiant academics, unstoppable investigative reporters, unwitting curators, and dedicated government officials. Stories include Gustav Klimt's Portrait of Adele Bloch-Bauer 1, the typeset manuscript for Pearl Buck's The Good Earth, a ceremonial Ghost Dance short from the massacre at Wounded Knee, the theft of 4,800 historical audio discs by a top official at the National Archives, a missing original copy of The Bill of Rights, the mummy of Ramses I, and an ancient treasure from Iraq. While each story is fascinating in and of itself, together they address one of the hottest issues in the museum world: how to deal with the millions of items that have breaks in the chain of ownership, suspicious ownership records, or no provenance at all. The issue of ownership touches on professional practices, international protocols, and national laws. It's a financial issue since the illicit trade in antiquities and cultural items generates as much as \$4 billion to \$8 billion a year.

**Ghost Portrait** Greg Norminton 2005-01-01 Set in 17th-century England, the haunting tale of a painter who lived through the Civil War, Cromwell's reign and the Restoration This intimate and compelling novel deftly interweaves three periods in the life of 17th-century painter Nathaniel Deller: in 1650, just after Charles I's execution, the young Deller joins a political group too radical even for the Roundheads; ten years later, on the night of Charles II's return from exile, Deller is accused by his former friend Thomas Digby of betraying their ideals; and in 1680, the increasingly blind painter commissions his former pupil William Stroud to finish the portrait of his late wife, knowing this could reignite the romance between Stroud and the daughter he tyrannises. Offering a vivid picture of England during a period of great turmoil, GHOST PORTRAIT explores the conflict between public duty and private desire, idealism and ambition.

Space, Politics, and Cultural Representation in Modern China Enhua Zhang 2016-12-08 Regarding revolution as a spatial practice, this book explores modes of spatial construction in modern China through a panoramic overview of major Chinese revolutionary events and nuanced analysis of cultural representations. Examining the relationship between revolution, space, and culture in modern China the author takes five spatially significant revolutionary events as case studies - the territorial dispute between Russia and the Qing dynasty in 1892, the Land Reform in the 1920s, the Long March (1934-36), the mainland-Taiwan split in 1949, and the Cultural Revolution (1966-76) - and analyses how revolution constructs, conceives, and transforms space. Using materials associated with these events, including primarily literature, as well as maps, political treatises, historiography, plays, film, and art, the book argues that in addition to redirecting the flow of Chinese history, revolutionary movements operate in and on space in three main ways: maintaining territorial sovereignty, redefining social relations, and governing an imaginary realm. Arguing for reconsideration of revolution as a reorganization of space as much as time, this book will appeal to students and scholars of Chinese culture, society, history and literature.
