Grady Wholesale Corporation Practice Set to accompany Intermediate Accounting J. David Spiceland 2010-04-20 Grady Wholesale Corporation is a reseller of electronics equipment such as personal computers, peripherals, and software. Grady purchases items in bulk from various manufacturers, repackages them into smaller lots and resells them to retailers for ultimate sale to consumers. The company maintains its financial records manually. "The books" consist of special journals for sales, purchases of merchandise (made on account), cash receipts, cash disbursements, and a general journal (for all transactions that do not fit into one of the above categories), a general ledger, and subsidiary ledgers for accounts receivable and accounts payable (for merchandise purchases). Grady's policy is to post entries made in the general journal to the general ledger on a daily basis. Entries made to the special journals (sales, purchases, cash receipts, and cash disbursements) are posted to the general ledger at the end of the month. However, the subsidiary ledgers are updated on a daily basis. Check numbers, sales order numbers, and invoice numbers are used as the reference numbers for posting purposes.

MP Loose Leaf Intermediate Accounting Volume 1 with Annual Report James Sepe 2012-03-09 Financial accounting is undergoing a period of unprecedented change. The FASB and IASB have been working together to issue converged accounting standards that will dramatically change key reporting areas, and more generally have sought to converge accounting standards over time. In late 2011, the SEC will announce its decision on whether large public companies in the U.S. will be able to choose whether to report under U.S. GAAP or IFRS or if all companies are anticipated to be reporting under IFRS in the near future. So, while there currently is considerable overlap between U.S. GAAP and IFRS, and that overlap is increasing as convergence continues, important differences remain. To help instructors deal with the challenging environment, the Spiceland team is committed to providing current, comprehensive and clear coverage of intermediate accounting. The 7th edition reflects this commitment with the following innovations.
