Marcovaldo Italo Calvino 2012-10-26 A

charming portrait of one man's dreams and schemes, by "the greatest Italian writer of the twentieth century" (The Guardian). In this enchanting book of linked stories, Italo Calvino charts the disastrous schemes of an Italian peasant, an unskilled worker in a drab northern industrial city in the 1950s and '60s, struggling to reconcile his old country habits with his current urban life. Marcovaldo has a practiced eye for spotting natural beauty and an unquenchable longing for the unspoiled rural world of his imagination. Much to the continuing puzzlement of his wife, his children, his boss, and his neighbors, he chases his dreams and gives rein to his fantasies, whether it's sleeping in the great outdoors on a park bench, following a stray cat, or trying to catch wasps.

Unfortunately, the results are never quite what he anticipates. Spanning from the 1950s to the 1960s, the twenty stories in Marcovaldo are alternately comic and melancholy, farce and fantasy. Throughout, Calvino's unassuming masterpiece "conveys the sensuous, tangible qualities of life" (The New York Times).

De la filosofía digital a la sociedad del videojuego. literatura, pensamiento y gamificación en la era de las redes sociales 2021-09-10 Quizás parezca una obviedad decir que los últimos tiempos la sociedad ha cambiado radicalmente. Pero tal vez no lo sea tanto si nos paramos a analizar cuáles son los aspectos que han sufrido las modificaciones más significativas. La importancia que han adquirido In-ternet, las redes sociales y, en

definitiva todo lo que lleve incorporado el adjetivo 'digital' ha transformado nuestro día a día. Hemos dejado en muchas situaciones de ser sujetos pasivos y pasado a ser sujetos activos, de consumidores a productores, todo gracias a los avances en las tecnologías de la información y la comunicación. Además, si algo ha demostrado la pandemia del Covid-19, contexto en el que se elaborada el libro que el lector tiene ante sí, es la facilidad que ha tenido el ser humano de aceptar estas transformaciones en su vida cotidiana cuando la situación así lo requería. En este libro se recogen tres ámbitos en los que las transformaciones están siendo muy sustanciales. Se trata de la filosofía, la lengua y la literatura y el sector del videojuego. ¿Qué tiene en común materias tan dispares? Coinciden en los cambios que están sufriendo por el avance tecnológico. El contenido está organizado cronológicamente, empezando por el aspecto más clásico; la filosofía, continuando por las lenguas y literaturas, y, por último y más actual, los videojuegos.
