Into the Wild Jon Krakauer 2009–09–22 Krakauer’s page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." –New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless’s short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless’s innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naïveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless’s uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer’s stoytelling blaze through every page.

Factotum Charles Bukowski 2009–10–13 One of Charles Bukowski's best, this beer-soaked, deliciously degenerate novel follows the wanderings of aspiring writer Henry Chinaski across World War II-era America. Deferred from military service, Chinaski travels from city to city, moving listlessly from one odd job to another, always needing money but never badly enough to keep a job. His day-to-day existence spirals into an endless litany of pathetic whores, sordid rooms, dreary embraces, and drunken brawls, as he makes his bitter, brilliant way from one drink to the next. Charles Bukowski's posthumous legend continues to grow. Factotum is a masterfully vivid evocation of slow-paced, low-life urbanity and alcoholism, and an excellent introduction to the fictional world of Charles Bukowski.

When Melody Logan's mother died in a car accident, Melody lost the last shred of family she had ever known. She was practically a stranger to the Logans, her wealthy relatives on Cape Cod, where she now drifted on a sea of dark secrets. In the eyes of gentle Aunt Sara, Melody was a replacement for her dead daughter, while for Uncle Jacob she was a reminder of the family's shameful past. Only good-hearted Cary seemed to care, and since it was revealed that she and Cary weren't truly cousins, the affection that had always surged between them now crested in thrilling waves. But Melody knew she could never truly echo Cary's loving promises until she discovered her own buried identity. Despite Grange Olivia's daggerlike threats, Melody sought out Belinda, a mysterious, half-crazy woman who was her real grandmother. Until the Sea Shall Free Them Robert Frump 2002–05–14 A devastating disaster at sea . . . an officer who refuses to hide the truth. . . a courtroom confrontation with far-reaching implications . . . The Perfect Storm meets A Civil Action in a gripping account of one of the most significant shipwrecks of the twentieth century. In 1983 the Marine Electric, a “reconditioned” World War II vessel, was on a routine voyage thirty miles off the East Coast of the United States when disaster struck. As the old coal carrier sank, chief mate Bob Cusick watched his crew-his friends and colleagues--succumb to the frigid forty-foot waves and subzero winds of the Atlantic. Of the thirty-four men aboard, Cusick was one of only three to survive. And he soon found himself facing the most critical decision of his life: whether to stand by the Merchant Marine officers’ unspoken code of silence, or to tell the truth about why his crew and hundreds of other lives had been unnecessarily sacrificed at sea. Like many other ships used by the Merchant Marine, the Marine Transport Line’s Marine Electric was very old and made of “dirty steel” (steel with excess sulfur content). Many of these vessels were in terrible condition and broke down frequently. Yet the government persistently turned a blind eye to the potential dangers, convinced that the economic return on keeping these ships was worth the risk. Cusick chose to blow the whistle. Until the Sea Shall Free Them re-creates in compelling detail the wreck of the Marine Electric and the legal drama that unfolded in its wake. With breathtaking immediacy, Robert Frump, who covered the story for the Philadelphia Inquirer, describes the desperate battle waged by the crew against the forces of nature. Frump also brings to life Cusick’s internal struggle. He knew what happened to those who spoke out against the system, knew that he too might be stripped of his license and prosecuted for “losing his ship,” yet he forged ahead. In a bitter lawsuit with owners of the ship, Cusick emerged victorious. His expose of government inaction led to vital reforms in the laws regarding the safety of ships; his courageous stand places him among the unsung heroes of our time.

Lights and Sirens Kevin Grange 2015–06–02 A true account of going through UCLA’s famed Daniel Freeman Paramedic Program—and practicing emergency medicine on the streets of Los Angeles. Nine months of tying tourniquets and pushing new medications, of IVs, chest compressions, and defibrillator shocks—that was Kevin Grange’s initiation into emergency medicine when, at age thirty-six, he enrolled in the “Harvard of paramedic schools”: UCLA’s Daniel Freeman Paramedic Program, long considered one of the best and most intense paramedic training programs in the world. Few jobs can match the stress, trauma, and drama that a paramedic calls a typical day at the office, and few educational settings can match the pressure and competitiveness of paramedic school. Blending months of classroom instruction with ER rotations and a grueling field internship with the Los Angeles Fire Department, UCLA’s paramedic program is like a mix of boot camp and med school. It would turn out to be the hardest thing Grange had ever done—but also the most transformational and inspiring. An in-depth look at the trials and tragedies that paramedic students experience daily, Lights and Sirens is ultimately about the best part of humanity—people working together to help save a human life.

Born a Crime Trevor Noah 2016–11–15 #1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconventional, unconditional love.

A Modern Utopia Herbert George Wells 1904

William began to explore science books in his village library, looking for a solution. There, he came up with the idea that would change his family’s life forever: he could build a windmill. Made out of scrap metal and old bicycle parts, William’s windmill brought electricity to his home and helped his family pump the water they needed to farm the land. Retold for a younger audience, this exciting memoir shows how, even in a desperate situation, one boy’s brilliant idea can light up the world. Rockbound Frank Parker Day 1989–05–01 Canada Reads 2005 Winner! In a David and Goliath style battle to the finish, Rockbound by Frank Parker Day triumphed over Oryx and Crake by Margaret Atwood and was declared the 2005 Canada Reads winner. In a series of debates that aired on the CBC in February, panelist Donna Morrissey, author of Kit’s Law and Downhill Chance, passionately championed this 1928 novel about life and nature on the small maritime island of Rockbound. The victory has brought this Atlantic Province favourite back into the limelight and is receiving nationwide attention, appearing on several bestseller lists across the country. After its initial publication, Rockbound remained in out of print status until 1973, when the University of Toronto Press acquired the rights to publish as part of their ?Literature of Canada Prose and Poetry in Reprint? series. It was reprinted with an introduction by Allan Bevan of Dalhousie University’s English Department. In 1989, Gerald Hollowell, an editor with the University of Toronto Press, rescued Rockbound from the backlist of the UTP catalogue. The book was reprinted with an afterword by Gwendolyn Davies, Dean of Graduate Studies and Associate Vice-President (Research) at the University of New Brunswick. UTP had been selling around 200 copies of the book per year, until Donna Morrissey selected it for the Canada Reads debates. Since then, UTP has sold over 35,000 copies and it has been reprinted three times! The University of Toronto Press would like to thank Donna Morrissey for her superb defense of the book and all of the people at the CBC for their support and encouragement. A complete synopsis of the debates, as well as an interactive timeline for Rockbound and Frank Parker Day can be found on their website, www.cbc.ca/canadareads/index.html. Copies of Rockbound can be found in abundance at the University of Toronto Bookstore, www.uoftbookstore.com, or at your local bookstore. To the harsh domain of Rockbound -- governed by the sternly righteous and rapacious Uriah Jung --comes the youthful David Jung to claim his small share of the island. Filled with dreamy optimism and a love for the unspoken promises of the night sky, David tries to find his way in a narrow, unforgiving, and controlled world. His conflicts are both internal and external, locking him in an unceasing struggle for survival; sometimes the sea is his enemy, sometimes his own rude behavior, sometimes his best friend Gershom Born, sometimes his secret love for the island teacher Mary Dauphny; but always, inevitably, his Jung relatives and their manifold ambitions for money and power. The balance of life on Rockbound is precarious and thus fiercely guarded by all who inhabit its lonely domain, but just as a sudden change in the direction of the wind can lead to certain peril at sea, so too can the sudden change in the direction of a man's heart lead to a danger altogether unknown. Enormously evocative of the power, terror, and dramatic beauty of the Atlantic sea, and unrelenting in its portrait of back-breaking labour, cunning bitterness, and family strife, Rockbound is a story of many passions-love, pride, greed, and yearning -- all formed and buffeted on a small island by an unyielding wind and the rocky landscape of the human spirit.

Redeployment Phil Klay 2014-03-04 Winner of the National Book Award for Fiction "Redeployment is hilarious, biting, whipsawing and sad. It's the best thing written so far on what the war did to people's souls."—Dexter Filkins, The New York Times Book Review Selected as one of the best books of the year by The New York Times Book Review, Time, Newsweek, The Washington Post Book World, Amazon, and more Phil Klay's Redeployment takes readers to the frontlines of the wars in Iraq and Afghanistan, asking us to understand what happened there, and what happened to the soldiers who returned. Interwoven with themes of brutality and faith, guilt and fear, helplessness and survival, the characters in these stories struggle to make meaning out of chaos. In "Redeployment", a soldier who has had to shoot dogs because they were eating human corpses must learn what it is like to return to domestic life in suburbia, surrounded by people "who have no idea where Fallujah is, where three members of your platoon died." In "After Action Report", a Lance Corporal seeks expiation for a killing he didn't commit, in order that his best friend will be unburdened. A Mortuary Affairs Marine tells about his experiences collecting remains-of U.S. and Iraqi soldiers both. A chaplain sees his understanding of Christianity, and his ability to provide solace through religion, tested by the actions of a ferocious Colonel. And in the darkly comic "Money as a Weapons System", a young Foreign Service Officer is given the absurd task of helping Iraqis improve their lives by teaching them to play baseball. These stories reveal the intricate combination of monotony, bureaucracy, comradeship and violence that make up a soldier's daily life at war, and the isolation, remorse, and despair that can accompany a soldier's homecoming. Redeployment has become a classic in the tradition of war writing. Across nations and continents, Klay sets in devastating relief the two worlds a soldier inhabits: one of extremes and one of loss. Written with a hard-eyed realism and stunning emotional depth, this work marks Phil Klay as one of the most talented new voices of his generation.

Out of the Ordinary Michael Dillon/Lobzang Jivaka 2016-11-01 Now available for the first time—more than 50 years after it was written—is the memoir of Michael Dillon/Lobzang Jivaka (1915-62), the British doctor and Buddhist monastic novice chiefly known to scholars of sex, gender, and sexuality for his pioneering transition from female to male between 1939 and 1949, and for his groundbreaking 1946 book Self: A Study in Ethics and Endocrinology. Here at last is Dillon/Jivaka's extraordinary life story told in his own words. Out of the Ordinary captures Dillon/Jivaka's various journeys—to Oxford, into medicine, across the world by ship—within the major narratives of his gender and religious journeys. Moving chronologically, Dillon/Jivaka begins with his childhood in Folkestone, England, where he was raised by his spinster aunts, and tells of his days at Oxford immersed in theology, classics, and rowing. He recounts his hormonal transition while working as an auto mechanic and fire watcher during World War II and his surgical transition under Sir Harold Gillies while Dillon himself attended medical school. He details his worldwide travel as a ship's surgeon in the British Merchant Navy with extensive commentary on his interactions with colonial and postcolonial subjects, followed by his "outing" by the British press while he was serving aboard The City of Bath. Out of the Ordinary is not only a salient record of an early sex transition but also a unique account of religious conversion in the mid-twentieth century. Dillon/Jivaka chronicles his gradual shift from Anglican Christianity to the esoteric spiritual systems of George Gurdjieff and Peter Ouspensky to Theravada and finally Mahayana Buddhism. He concludes his memoir with the contested circumstances of his Buddhist monastic ordination in India and Tibet. Ultimately, while Dillon/Jivaka died before becoming a monk, his novice ordination was significant: It made him the first white European man to be ordained in the Tibetan Buddhist tradition. Out of the Ordinary is a landmark publication that sets free a distinct voice from the history of the transgender movement.
